Hi Ian,

Compusafe – Electronic Asset Security

Just to let you know that we were broken into for the 5th time in 3 months at our Windermere offices.

Each time the burglars created extensive damage to either windows or external doors but never managed to remove any computer equipment thanks to your security cabling.

We certainly recommend your product!

Yours sincerely

A handwritten signature in black ink, appearing to read "Michael Pretorius". The signature is fluid and cursive, with a large loop at the end.

Michael Pretorius
