Re: CompuSafe Services

Urban-Econ was recently broken into, not once, but twice in the space of 10 days. We decided to be proactive and install computer safes to protect our property.

Our IT support team recommended ComputSafe, for the installation. In less than 45 minutes we had our server secured, and the mess cleaned up after.

Should you have any queries about our experience with Compusafe, please do not hesitate to contact myself on 031-2029673.

Kind regards
